

WELADEE

Affordable time attendance solution for
smart enterprises

What is Weladee?

Weladee is a Time Attendance System, gathers information of working presence of employees. Employees can record time attendance from **mobile phone** (Android and iPhone) or using **key tag** (RFID) at gate station in various locations.

Director, managers and HR staffs get a clear overview of **real time attendance** from online dashboard. **Weladee** makes it easy to manage time management in your organization and employees can also check their work hours via their mobile phone as well

Team manager or department manager gets real time alert of in/out for all his team member. The alert will show up on mobile phone and desktop (Chrome session).

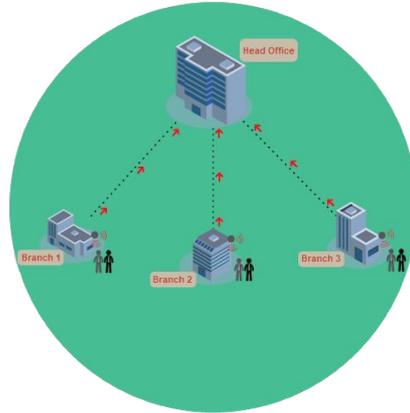

Features of Weladee

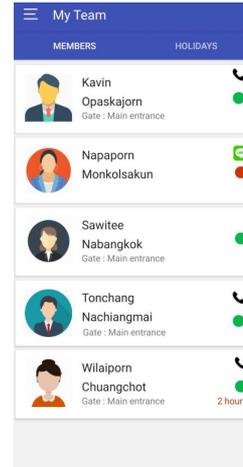

Check in / out

Employees can record time attendance from mobile phone or using RFID key tag at gate station.

Check in/out various locations

Employees can record time attendance at branch offices or work sites.

Real Time Data

Manager or team leader can have the real time attendance of employees.

Dashboard

See overview of time attendance from dashboard and manage Weladee data.

Job classified

Employee can request holiday on mobile, notification will be sent to manager and HR.

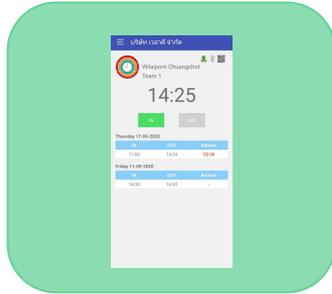

How Weladee Works?

In order to get the Check In/Out functionality, **Weladee** requires at least beacon or gate station which is a set of equipments used as the time attendance recorder of the employees with RFID key tag or the mobile phone.

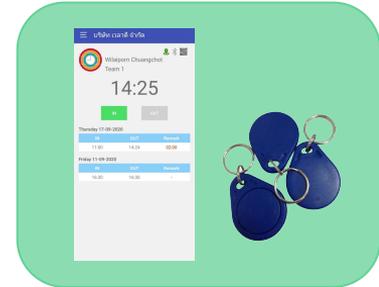

Bluetooth Beacon

This kit is for the company which every employees have **Weladee** application on mobile phone

Gate Station

This kit can be used by employees who have RFID key tag and/or **Weladee** application on mobile phone

Gate station is able to display information and play sound on TV screen or only connect to the speaker just for the sound.

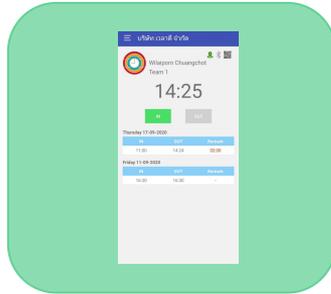

How Weladee Work?

In addition to recording time through the device, QR code can be generated for each gates, printed and then posted to the gate for employees to scan for recording time in/out.

QR Code

FREE

QR Code is for the company which every employees have **Weladee** application on mobile phone.

Remarks : QR code should be changed frequently. Because employees can save QF code, then scanned out of the office in the range of office area.

Shift Schedule

Plan and schedule weekly shift for employees. Weekly shift schedule will be published to employees via email and also can be viewed on mobile.

Weladee Portal

Weladee Portal

System administrator, HR staffs, or management can manage employee information, set on / off time recording device including dashboard.

In addition, an overview of employee worked hours can be viewed from the dashboard and export as the report.

Weladee Reports

List of **Weladee** data (departments, teams, employees, attendance, ...) will be automatically generated in pdf or excel or sent by email.

The screenshot displays the Weladee web application interface. The header shows the company name 'Frontware International Co.,Ltd.' and the user 'Siriporn Wunpen'. The main content area is titled 'Attendance In/Out' and includes filters for 'From - To' (13/06/2017 - 19/06/2017), 'Gate' (Enter gate name), 'Team' (Enter team name), and 'Employee' (Siriporn Wunpen (Toom)). There is also a dropdown for 'is Late' set to '--Select--'. Below the filters is a table of attendance records with columns: Date, In, Out, Gate - In, Gate - Out, Team, Employee, Late, Time spent, updated, and a 'view' icon. A red box highlights a context menu with options for Email, PDF, and Excel.

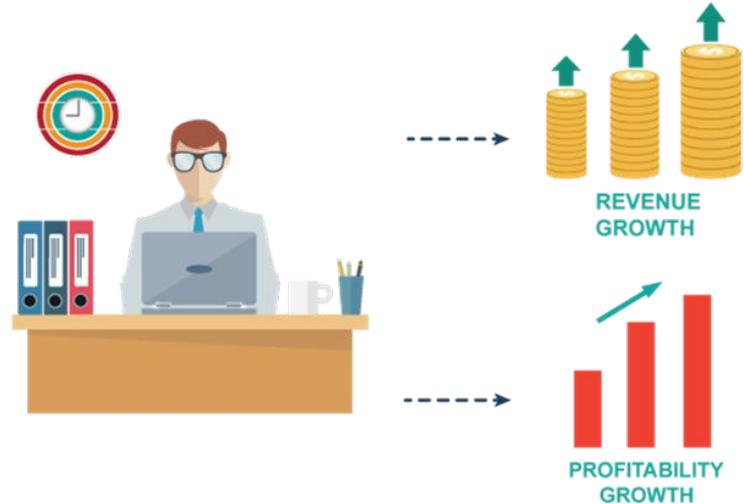

| Date | In | Out | Gate - In | Gate - Out | Team | Employee | Late | Time spent | updated | view |
